Notice Details

Notice Type Invitation for Bids
Bidding Type International Competitive Bidding (ICB)
Notice No. 128043924
Deadline 2026-02-20

Description

Description: Services - afforestation works, completions, restorations, maintenance of young regenerations, helping natural regeneration, maintenance of plantations and seed reserves, works in forestry nurseries, in solariums and forest seed harvesting works and other specific works within the scope of activity of the Caras-Severin Forestry Directorate, according to the provisions of the specifications.

In the event that certain works will no longer be executed, due to some objective reasons (reversion of land, calamities, possible malfunctions in the provision of forest reproduction material, etc.), the contracting authority reserves the right to reduce the value of the concluded contract, with the amount related to the non-execution of the works in question, without the consent of the provider.

The contracting authority reserves the right to abandon certain works, if it was necessary for them to be executed until the completion of the procurement procedure.

In the event of the appearance of additional quantities of works, the contracting authority reserves the right to purchase these quantities under the conditions of Law 98/2016, art. 221.

Number of days until which clarifications can be requested before the deadline for submitting offers/candidates: 18 days

The contracting authority will respond clearly and completely to all requests for clarifications on the 11th day before the deadline established in the notice of participation for the submission of offers because the response of the contracting authority to the requests for clarifications must be sent at least 10 days before the deadline set for the submission of offers.
