Notice Type Invitation for Bids
Bidding Type International Competitive Bidding (ICB)
Notice No. 128683302
Deadline 2026-03-05

Description Description: Karlsruher Messe- und Kongress GmbH (hereinafter referred to as Messe Karlsruhe) is one of the established trade fair and conference locations in Germany and is a leading organizer in one of the strongest economic regions in Europe. In addition to a large number of our own events, we are also known for the professional implementation of national and international guest trade fairs and guest congresses. Around 280 events (approx. 45 trade fairs, 90 congresses/meetings, 145 cultural events) attract up to 750,000 visitors and up to 7,500 exhibitors every year to the two locations: Congress Center Karlsruhe and Messe Karlsruhe/Rheinstetten, including the respective open-air areas.

Here, Messe Karlsruhe provides exhibitors, organizers and customers with a systematic, accessible service offering divided into service areas.

In doing so, it must be able to rely on contractual partners who are technically optimized, reliable and on call, who act in the spirit of sustainability and who appreciate and implement the opportunity of a continuous customer relationship in the interests of the Karlsruhe event location.

In addition to event operations, Messe Karlsruhe needs electrical engineering services in the area of building management at the trade fair location.

Electrical engineering services, which are described in more detail in the project description enclosed with the tender documents, are being tendered for the period from January 1st, 2027 to December 31st, 2030. The contracting company receives the right to carry out event operations services for Messe Karlsruhe and its customers at its event venues, Congress Center Karlsruhe and Messe Karlsruhe/Rheinstetten, as well as the right to carry out the necessary electrical

engineering services in the area of building management at the Messe location.

Contract Type: : Service
