## 2. Procedure

---

### 2.1. Procedure

Title: NY\_Entreprise - 260737 Vollabakken road and water and sewage.

Description: Trondheim municipality, hereafter called the contracting authority, invites tenderers to an open competition for a contract in the project Contract Vollabakken Road and Water and Sewage. The municipality would like tenders from tenderers with the professional, technical and economic basis necessary for fulfilment of the contract. The competition will be carried out via the municipality's tender implementation tool Mercell. All communication and tender submissions will be via Mercell.

Procedure identifier: 61a6b68b-e275-470d-b657-ee7caf278a87

Internal identifier: 2023/24396

Type of procedure: Open

The procedure is accelerated: no

Main features of the procedure: Trondheim municipality c/o The Municipal Engineering department shall upgrade the road, water and sewage along Øvre Bakklandet from Lillegårdsbakken and further south along Vollabakken to the junction with Klostergata/Christian Klosters gate. The aim of the project is to improve accessibility for road users. New separate pipes for wastewater and surface water will reduce sewage emissions and provide cleaner water in the River Nidelva, and new water pipes will provide safer water supply in the future. The road profile shall be changed, with a wider pavement and cycle path along the road's west side and summer pavement on the east side of the road. From Lillegårdsbakken up to and including where Nidelvstien takes off at Øvre Bakklandet 24A/22, the street design shall be of the same character as the neighbouring project Øvre Bakklandet, i.e. large cobbles in the traffic zone and slate slates on the pavement. From there up to Christian Klosters gate/Klostergata there will be an asphalt cover on the road and pavement. New road lights shall be established along the entire stretch. Public water and sewage pipelines and the accompanying manholes are to be renewed for most of the stretch, including the crossing area at Lillegårdsbakken. Separate private sewage pipelines are facilitated and serviced to private water pipelines. A natural stone wall on the west side of Vollabakken is in bad condition. The wall must be partially demolished and reconvented. A green area shall be established between Vollabakken 5B and 9A, with benches, lighting and trees. There are some developed beds and other elements along Øvre Bakklandet and Vollabakken that shall be built up when they are touched by construction work. Tensio will participate in the project and will establish a channel for high voltage along the entire road stretch and renew low voltage cables. This is done in order to improve the security of supply of electricity. Participation is facilitated from one fibre company who wishes to participate in the project. The contract comprises approx. the following quantities: - 550 m alterations to a road profile with a pavement, cycle path and roadway, of which approx. 120 m of Bakkland profile, adaptations to buildings and properties - approx. 460 m W&S ditch (uncompacted matter), temporary alterations of pipes - 16 water manholes - 10 waste water manholes - 11 surface water manholes - 20 light masts; 6 with Trolla fixtures, 14 with Copenhagener fixtures - 11 wall-mounted Trolla fixtures - approx. 1,200 m cable trenches - 23 sand traps, 3 auxiliary drains - 545 m drain pipes - approx. 80 m<sup>2</sup> wall, demolition of the existing and reconstruction of new - approx. 550 m OPI channel - temporary alteration of cables including high voltage establishment of a minor recreational area with planting and seating. It is recommended that the construction work starts at Nidelvstien with staggered construction northwards to Lillegårdsbakken and interface in the north. Then the facility continues south from Nidelvstien to the junction of Christian Klosters gate/Klostergata. There shall only be one attack point with deep excavation. Ditch boxes shall be used on parts of the stretch and heavy ditch protection (linear securing) at some manhole groups. The construction work shall take place in an area where there are many soft road users and there are many neighbouring properties. Residents and entities shall have access to their

properties during the construction period. Emergency services, sanitation etc. shall have acceptable accessibility during the site period. Contractors must attend to dialogue with cable departments, emergency departments, TRV, the county (archaeology, interface with the county road), AtB and possibly other departments. The contractor must coordinate with and deal with three other contracts: Interface in the north towards the project Bakklandet veg. Planned to be completed December 2026. The project Bergsbakken «Øvre Bakklandet – Lillegårdsbakken OV-pipeline» with, among other things, the establishment of crossing water and sewage installations at Nidelvstien and measures in Lillegårdsbakken. The project is probably completed in summer 2026, but this is somewhat uncertain. The NTNU/Campus project with the establishment of a water and sewage facility at the junction of Christian Klosters gate/Klostergata. Work at the junction is included in this description, but will be carried out if the NTNU/Campus project carries out its work first. If so, the interface in the south will be changed.

#### 2.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45000000 Construction work

Additional classification (cpv): 45100000 Site preparation work, 45200000 Works for complete or part construction and civil engineering work, 45231100 General construction work for pipelines, 45231300 Construction work for water and sewage pipelines, 45231400 Construction work for electricity power lines, 45232000 Ancillary works for pipelines and cables, 45232150 Works related to water-distribution pipelines, 45233000 Construction, foundation and surface works for highways, roads

#### 2.1.2. Place of performance

Country subdivision (NUTS): Trøndelag/Tröndelage (NO060)

Country: Norway

#### 2.1.3. Value

Estimated value excluding VAT: 55 000 000,00 NOK

#### 2.1.4. General information

Legal basis:

Directive 2014/25/EU

Forsyningsforskriften - Parts I and II of the Utilities Regulations will be used. See the tender documentation for further information.

#### 2.1.6. Grounds for exclusion

Sources of grounds for exclusion: Notice

Corruption: Is the tenderer himself or a person, who is a member of the tenderer's administration, management or supervisory body or has the competence to represent or control or make decisions in such bodies, in the event a enforceable verdict has been convicted of corruption by a verdict handed down not more than five years ago, or a rejection period determined

directly in the judgement that still applies? Corruption as defined in Article 3 of the Convention on Combating Corruption, Involving European Communities or European Union Member States (EUT C 195 of 25.6.1997, s. 1), and in Article 2, point 1, in the Council's framework decision 2003/568/RIA of 22 July 2003 on combating corruption in the private sector (EUT L 192 of 31.7.2003, p. 54). This rejection reason also includes corruption as defined in national law for the contracting authority or supplier.

Fraud: Is the tenderer himself or a person, who is a member of the tenderer's administration, management or supervisory body or has the competence to represent or control or make decisions in such bodies, at the time a legally convicted of fraud has been convicted of fraud by a verdict handed down not more than five years ago, or a rejection period determined directly in the judgement that still applies? Fraud included in Article 1 of the Convention on protection of the Financial Interests of the European Communities (EFT C 316 of 27.11.1995, p. 48).

Money laundering or terrorist financing: Is the tenderer himself or a person, who is a member of the tenderer's administration, management or supervisory body or has the competence to represent or control or make decisions in such bodies, in the event a legal verdict has been convicted of money laundering or financing terrorism by a verdict handed down no more than five years ago, or a rejection period set out directly in the judgement that still applies? Money laundering or financing terrorism As defined in Article 1 of the European Parliament and Council Directive 2005/60/EF of 26 October 2005 on preventive measures against the use of the financial system for money laundering and financing terrorism (EUT L 309 of 25.11.2005, p. 15).

Participation in a criminal organisation: Is the tenderer himself or a person, who is a member of the tenderer's administration, management or supervisory body or has the competence to represent or control or make decisions in such bodies, at the time a legally convicted verdict of participation in a criminal organisation by a verdict handed down no more than five years ago, or a rejection period set out directly in the judgement that still applies? Participation in a criminal organisation as defined in Article 2 of the Council's framework decision 2008/841/RIA of 24 October 2008 on control of organised crime (EUT L 300 of 11.11.2008, p. 42)

Terrorist offences or offences linked to terrorist activities: Is the tenderer himself or a person, who is a member of the tenderer's administration, management or supervisory body, or has the competence to represent or control or make decisions in such bodies, in the event a legal verdict has been convicted of acts of terrorism or criminal acts connected to terrorist activities by a verdict handed down no more than five years ago, or a rejection period set out directly in the judgement that still applies? Acts of terrorism or criminal acts relating to terrorist activity as defined in Article 1 and 3 of the Council's framework decision 2002/475/RIA of 13 June 2002 on combating terrorism (EFT L 164, af 22.6.2002, p. 3). This rejection reason also includes incitement to, participation or attempts to commit such actions as included in Article 4 in the mentioned framework decision.

Child labour and including other forms of trafficking in human beings: Is

the tenderer himself or a person, who is a member of the tenderer's administration, management or supervisory body or has the competence to represent or control or make decisions in such bodies, in the event a legal verdict has been convicted of child labour and other forms of human trafficking by a verdict handed down no more than five years ago, or a rejection period determined directly in the judgement that still applies? Child labour and other forms of human trafficking as defined in Article 2 of the European Parliament and council directive 2011/36/EU of 5. 1 April 2011 on the prevention and control of human trafficking and the protection of its victims and for compensation of the Council's framework decision 2002/629/RIA (EUT L 101 of 15.4.2011, p. 1).

Breaching of obligations in the fields of environmental law: Is the tenderer aware of breaches of environmental provisions as stated in national law, the relevant notice or procurement documents or Article 18 (2) of Directive 2014/24/EU.

Breaching of obligations in the fields of labour law: Is the tenderer aware of breaches of provisions on working conditions as stated in national law, the relevant notice or procurement documents or Article 18 (2) of Directive 2014/24/EU.

Breaching of obligations in the fields of social law: Is the tenderer aware of breaches of provisions on social conditions as stated in national law, the relevant notice or procurement documents or Article 18 (2) of Directive 2014/24/EU.

Agreements with other economic operators aimed at distorting competition: Has the tenderer entered into agreement(s) with other tenderers with the intention of turning the competition?

Grave professional misconduct: Has the tenderer committed serious errors in professional practice? If relevant, see the definitions in national law, the relevant notice or procurement documents.

Misrepresentation, withheld information, unable to provide required documents or obtained confidential information of this procedure: Have the tenderer: a) given grossly incorrect information when notifying the information required to verify that there is no basis for rejection, or of the qualification requirements being met, b) failed to provide such information, c) subject to immediately submitting the supporting documents requested by the Contracting Authority, or d) improperly affecting the Contracting Authority's decision process to acquire confidential information that could give this an unlawful advantage in connection with competition, or negligently has given misleading information that can have a significant influence on decisions on rejection, selection or award?

Conflict of interest due to its participation in the procurement procedure: Are tenderers aware of a conflict of interest as stated in national law, the relevant notice or procurement documents?

Direct or indirect involvement in the preparation of this procurement procedure: Has the tenderer or an entity associated with the supplier advised the contracting authority or in another way been involved in the planning of the competition?

Early termination, damages, or other comparable sanctions: Has the

tenderer committed significant breaches of contract in connection with the fulfilment of a previous public contract, a previous contract with a public contracting authority or a previous concession contract, where the breach has led to the cancellation of the contract, compensation or other similar sanctions?

Breaching of obligations set under purely national exclusion grounds: The contracting authority shall state that in Norway there are national rejection reasons. These shall be described in the procurement documents. Tenderers must respond to whether they are in one or more of the situations described in the national rejection reasons. Will the purely national rejection reasons, as stated in the relevant notice or in the procurement documents, apply?

Breaching obligation relating to payment of social security contributions: Have tenderers failed to fulfil all their social security obligations in the country where they are established and in their member state, if this is a different country than what he is established in?

Breaching obligation relating to payment of taxes: Has the tenderer not fulfilled his tax and duty obligations in the country in which he is established, and in the contracting authority's member state, if this is a different country than what he is established in?

Business activities are suspended: Specify why, under the mentioned circumstances, one is able to carry out the contract, considering the current national provisions and measures for continuing the business activities? It is not necessary to provide this information if rejection of tenderers made mandatory in accordance with the current national law without the possibility for exceptions.

Bankruptcy: Is the tenderer in a bankruptcy situation? Specify why, under the mentioned circumstances, one is able to carry out the contract, considering the current national provisions and measures for continuing the business activities? It is not necessary to provide this information if rejection of tenderers made mandatory in accordance with the current national law without the possibility for exceptions.

Arrangement with creditors: Is the supplier in a situation where he has been forced debt arrangement? Specify why, under the mentioned circumstances, one is able to carry out the contract, considering the current national provisions and measures for continuing the business activities? It is not necessary to provide this information if rejection of tenderers made mandatory in accordance with the current national law without the possibility for exceptions.

Insolvency: Is the tenderer in an insolvency situation? Specify why, under the mentioned circumstances, one is able to carry out the contract, considering the current national provisions and measures for continuing the business activities? It is not necessary to provide this information if rejection of tenderers made mandatory in accordance with the current national law without the possibility for exceptions.

Assets being administered by liquidator: Specify why, under the mentioned circumstances, one is able to carry out the contract, considering the current national provisions and measures for continuing the business activities? It is not necessary to provide this information if rejection of tenderers made

mandatory in accordance with the current national law without the possibility for exceptions.

Analogous situation like bankruptcy, insolvency or arrangement with creditors under national law: Is the supplier in a situation where he has been forced debt arrangement? Specify why, under the mentioned circumstances, one is able to carry out the contract, considering the current national provisions and measures for continuing the business activities? It is not necessary to provide this information if rejection of tenderers made mandatory in accordance with the current national law without the possibility for exceptions.

Description: Trondheim municipality, hereafter called the contracting authority, invites tenderers to an open competition for a contract in the project Contract Vollabakken Road and Water and Sewage. The municipality would like tenders from tenderers with the professional, technical and economic basis necessary for fulfilment of the contract. The competition will be carried out via the municipality's tender implementation tool Merzell. All communication and tender submissions will be via Merzell.

Internal identifier: 2023/24396

#### 5.1.1. Purpose

Main nature of the contract: Works

Main classification (cpv): 45000000 Construction work

Additional classification (cpv): 45100000 Site preparation work, 45200000

Works for complete or part construction and civil engineering work

, 45231100 General construction work for pipelines, 45231300

Construction work for water and sewage pipelines, 45231400

Construction work for electricity power lines, 45232000

Ancillary works for pipelines and cables, 45232150

Works related to water-distribution pipelines, 45233000

Construction, foundation and surface works for highways, roads

#### 5.1.2. Place of performance

Country subdivision (NUTS): Trøndelag/Tröndelage (NO060)

Country: Norway

#### 5.1.3. Estimated duration

Start date: 28/06/2026

Duration end date: 31/01/2029

#### 5.1.4. Renewal

Maximum renewals: 0

#### 5.1.5. Value

Estimated value excluding VAT: 55 000 000,00 NOK

#### 5.1.6. General information

Reserved participation:

Participation is not reserved.

The procurement is covered by the Government Procurement Agreement (GPA): no

#### 5.1.9. Selection criteria

Sources of selection criteria: Notice

Criterion: Enrolment in a trade register

Description of selection criterion: Tenderers are registered in a company register or a trade register in the member state in which the tenderer is established. As described in annex XI of directive 2014/24/EU; suppliers from certain member states may have to fulfil other requirements in the mentioned annex. Minimum qualification requirements Requirements: Tenderers shall be registered in a company register, professional register or a commerce register in the country where the tenderer is established. Documentation requirement: Norwegian companies: Company Registration Certificate Foreign companies: Certificate that the tenderer is registered in a company register, professional register or a commerce register in the country where the tenderer is registered.

Criterion: General yearly turnover

Description of selection criterion: The tenderer's ("total") annual turnover for the number of financial years requested in the tender notice or in the procurement documents is as follows: Minimum qualification requirements Requirements: Tenderers must have sufficient economic and financial capacity to fulfil the contract. Tenderers shall have an annual minimum turnover that exceeds the estimated value of the contract. Documentation requirement: The company's Annual Financial Statements for the last 2 completed financial years, including the board's annual report, income statement, balance sheet, notes, and auditor's report. If the tenderer has a justifiable reason for not submitting the documentation required by the contracting authority, he can document his economic and financial capacity by presenting other documentation.

Criterion: Other economic or financial requirements

Description of selection criterion: Regarding any other economic and financial requirements that have been stated in the notice or in the procurement documents, the tenderer declares that: Minimum qualification requirements Requirement: Tenderers shall have sufficient economic and financial capacity to fulfil the contract. Tenderers shall be credit worthy. Documentation requirement: Credit evaluation/rating, not older than 3 months, based on the last known accounting figures. The rating shall be carried out by a publicly certified credit rating institution. If the tenderer has a justifiable reason for not submitting the documentation that the contracting authority has required, he can document his economic and

financial capacity by presenting other documentation, such as confirmation from the auditor about the company's finances or a bank guarantee.

Criterion: References on specified works

Description of selection criterion: Only for public building and construction works: During the reference period the tenderer has carried out the following work of the requested type. The contracting authority can require up to five years experience and allow experience from the previous five years to be taken into consideration. Minimum qualification requirements Requirements: Tenderers shall have experience from equivalent assignments. Equivalent assignments means a construction project in a town environment that involves water and sewage installations, road building and phased traffic management in the construction phase. Documentation requirement: Description of the tenderer's three most relevant contracts in the course of the last 5 years. A minimum of 2 of the assignments shall be completed. The description must include: - The scope of the assignment - the assignment's value -Time - contract party (name, telephone number and email address). It is the tenderer's responsibility to document relevance through the description. The contracting authority reserves the right to contact the reference person.

Criterion: Environmental management measures

Description of selection criterion: Tenderers can employ the following environmental management measures in connection with the execution of the contract: Minimum qualification requirements Requirement: Tenderers shall have procedures to carry out the delivery in an environmentally responsible manner. Documentation requirement: Tenderers shall present documentation demonstrating that the tenderer has procedures to carry out the delivery in an environmentally responsible manner. If a tenderer is certified in accordance with ISO 14001, Miljøfyrtårn or equivalent recognised environmental management systems, it will be sufficient to enclose certification.

Criterion: Subcontracting proportion

Description of selection criterion: The tenderer is considering to outsource the following part (as a percentage) of the contract to sub-suppliers. Note that if the tenderer has decided to outsource a part of the contract to sub-suppliers and will use the sub-suppliers' capacity to carry out this part, a special ESPD will be supplemented for such sub-suppliers, see part II, section C, above. Minimum qualification requirements Documentation: An overview/matrix that states how much of the contract the tenderer is considering putting away to sub-suppliers.

Criterion: Certificates by independent bodies about quality assurance standards

Description of selection criterion: Can tenderers submit certificates issued by independent bodies that document that the tenderer fulfils the stated quality assurance standards, including universal design requirements?

Minimum qualification requirements Tenderers shall have a quality system suited to the content of the contract. Documentation requirement: Tenderers shall describe their quality assurance system, as well as give a general description of methods for quality assurance (max. 3 A4 pages). The table of contents for the quality system or quality handbook shall also be enclosed. If a tenderer is certified in accordance with ISO 9001:2015, or equivalent standards, it will be sufficient to enclose certification.

#### 5.1.10. Award criteria

Criterion:

Type: Price

Description: See the tender documentation for further details.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 50,00

Criterion:

Type: Quality

Name: Expertise

Description: See the tender documentation for further details.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 10,00

Criterion:

Type: Quality

Name: Assignment comprehension

Description: See the tender documentation for further details.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 25,00

Criterion:

Type: Quality

Name: Environment - emission free/biogas machines

Description: See the tender documentation for further details. The current procurement considers that the exclusion provisions in supply regulations 7-3 fourth sections will apply. The contracting authority has, however, chosen to use the environment as the award criteria. See the annex to the tender documentation for further justification.

Category of award weight criterion: Weight (percentage, exact)

Award criterion number: 15,00
